We are delighted to welcome all new members who joined in January,
February & March

Amy Murray, Iain Doyle & Kim Fugl Rasmussen

Thank you for joining, and we look forward to seeing you on the
course!

April has already brought a welcome return of fantastic weather, with sunshine and warmer temperatures making it a pleasure to be back out on the course. The fairways are looking great, and it's safe to say golf season is well and truly in full swing again. As always, the good weather has been matched by great turnout and plenty of laughs along the way.

We hope everyone enjoyed the long weekend, whether that was on the golf course or spending time with family and friends.

We're also already looking ahead to the May two-day event, which is shaping up to be another highlight of the calendar. These events are always a great mix of competitive golf and social fun, and we're sure this one will be no different.

From all of us at The Hogan Hackers, we'd like to wish everyone a very Happy Easter, and we look forward to many more great days of golf and good company as we head further into the season.

A Big Congratulations to our March Winners:

This Month's Pro Tip: "Focus on What It Is, Not What It's For"

"Focus on What It Is, Not What It's For"

It's not the putt that makes you nervous... it's the meaning you've given it.

"For par."

"To save a point."

"To win the hole."

That's where the pressure comes from.

The key is to remove the meaning and shift your focus back to the task in front of you.

It's not a putt to win the hole, it's just a short putt.
One you've holed hundreds of times before.

When you focus on what it is rather than what it's for, you free up your stroke, commit more fully, and give yourself the best chance to hole it.

Pro Insight:

The best players in the world don't treat these putts as "special." They treat them as familiar. Neutral mind, clear intention, and the same stroke every time!
