We are delighted to welcome all new members who joined in June
Lionel Cruice, Jim Cooney, Yvonne Daly, Paul Daly, James Wynne,
John Crimmins, Alex Gemici, Christine Gemici, Scott Kelly & Paul Kelly.
Thank you for joining, and we look forward to seeing you on the
course!

June certainly arrived with the Costa del Sol sunshine in full force, bringing hot temperatures and perfect conditions for another month of great golf. Despite the summer heat, it's been fantastic to see such strong turnouts each week, with members continuing to enjoy the friendly competition, plenty of laughs, and the excellent camaraderie that makes the Hogan Hackers so special.

As many members welcome visiting family and friends or head off on summer holidays, we hope everyone enjoys a well-earned break while still finding time to join us on the fairways whenever they can. The summer months are always a great reminder that golf is as much about catching up with friends as it is about the scores.

Thank you to everyone who continues to support the society week after week. We look forward to another great month of golf and wish all our members a fantastic summer.

See you on the first tee!

A Big Congratulations to our June Winners:

This Month's Pro Tip:
**"Master Your Alignment and Play Your Best
Golf Yet!"**

**Master Your Alignment and Play Your Best
Golf Yet!**

Purpose: Improve accuracy and consistency by setting up correctly to your target.

How to Do It:

1. Place an alignment stick (or a spare club) on the ground in a couple of feet in front of the ball pointing directly at your target.
2. Position a second alignment stick parallel to the first, just outside your toe line.
3. Set up with your clubface aimed down the target line and your feet, hips and shoulders all parallel to the target line and not aimed directly at the target.
4. Hit a series of shots, checking your alignment before every swing until it becomes part of your routine.

Pro Insight: Even the best swings struggle to produce good results if you're aimed incorrectly. Many golfers unknowingly set up with their shoulders or feet open or closed to the target, forcing unnecessary swing compensations. Good alignment allows you to make a natural, confident swing and gives the club the best chance of returning to the ball on the intended path. Make alignment part of every practice session, and you'll quickly notice improvements in both direction and consistency.
